LD-005 Mount Base with a Stopper

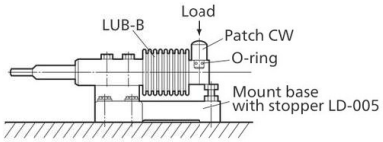

A pedestal for mounting a beam type load cell. It also serves as a stopper to prevent overload.

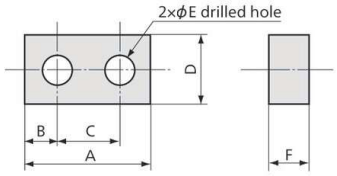

Applicable load cells: LUB-5KB to 50KB
Weight: Approx. 600 g

■Installation example

LE Spacers

It is used to prevent the bellows from touching the ground surface by inserting it between the beam type load cell and the ground surface.

■Lineup

Model	Applicable Load Cells	A	B	C	D	ϕE	F	Weight (Approx.)
LE-005	LUB-5 to 50KB	36	9	18	22	6.6	13	74 g
LE-02	LUB-100,200KB	40	10	20		9		77 g
LE-1	LUB-500K,1TB LUB-500KC	100	25	50	40	13.5	20	590 g
LE-2	LUB-2TB LUB-2TC	118	29	60	50	17.5	25	1.1 kg
